# Library Report.

---

*To the Citizens of the Town of Gilford:*

Again it is a pleasure to present to you our annual report, together with that of the treasurer of the library funds for the year ending Feb. 15, 1909.

The library at the present time contains 1986 volumes; added since last report, 94 volumes; of these 87 volumes have been purchased with the appropriation from the town and the rest have been given.

The record kept by the librarian is as follows: The total number of volumes loaned the past year has been 1805, classed as follows: Fiction, 1680; history, 11; general literature, 108; art, 2; travels, 2; poetry, 2. The largest number of volumes loaned in any one day was 40. Seven new names have been added to the list of borrowers during the year. Donations have been received as follows: Hannah D. Goss, 1 volume; John B. Morrill, 1 volume; "Report of Tax Commission," from state, 3 volumes; United States, 1 volume; a publishing house, 1 volume; John Y. Jewett, Washington, D. C., paid subscription to Geographic Magazine, \$2.

The reading room feature of the library is better patronized each year.

In order that the magazines might go to the homes while new and fresh, we have supplied a cheap pamphlet binder in which they are enclosed after the new monthly issue is received, and they are then ready to loan out as other books. Although not accessioned a record is kept of them by the librarian, which shows that 34 volumes have been loaned since we adopted this plan.

We notice a very marked gain in the circulation of general literature, which shows the demand of our people for a better class of reading.

We have sent 30 volumes to the bindery, but have not received the work in season to get this item of expense into this year's report. The cost of the same will be

something like \$12, and it was thought a few more books might be purchased with the balance of last year's appropriations.

### *To the Citizens of the Town of Gilford:*

The school board respectfully submit this, their annual report.

The truant officer, Albert W. Smith, has enrolled 114 scholars in the September enumeration.

It is our pleasure, as well as our duty, to give an account of the work entrusted.

We feel justified in reporting a profitable school year.

We have maintained eight schools twenty-seven weeks each, and one twenty-five.

From lack of the usual revenue from dog license, and being obliged to pay higher wages to teachers, we were unable to have thirty weeks of schooling. As far as possible, experienced teachers have been employed, giving general satisfaction, as shown in the interest manifested by the scholars.

The advantages gained by the winter term were very evident from the marked progress made.

The general repair funds have been expended on school house No. 4. The house has been partly repaired, new floors laid, new windows put in, and furnished with new seats and desks.

We wish to thank you for so heartily responding to the call for additional money for a winter term, and trust you will raise enough to have thirty weeks of schooling this year.

There are nine houses now suitable for school during the winter. Houses No. 3, 4 and 6 need painting very much.

We extend thanks to all who have in any way assisted in the school work.

Following is the roll of perfect attendance, statistical table and financial report.
